# WHAT IS CAREER

A career is an individual's metaphorical "**journey**" through learning, work and other aspects of life. The word career is defined by the Oxford English Dictionary as a person's "*course or progress through life*"

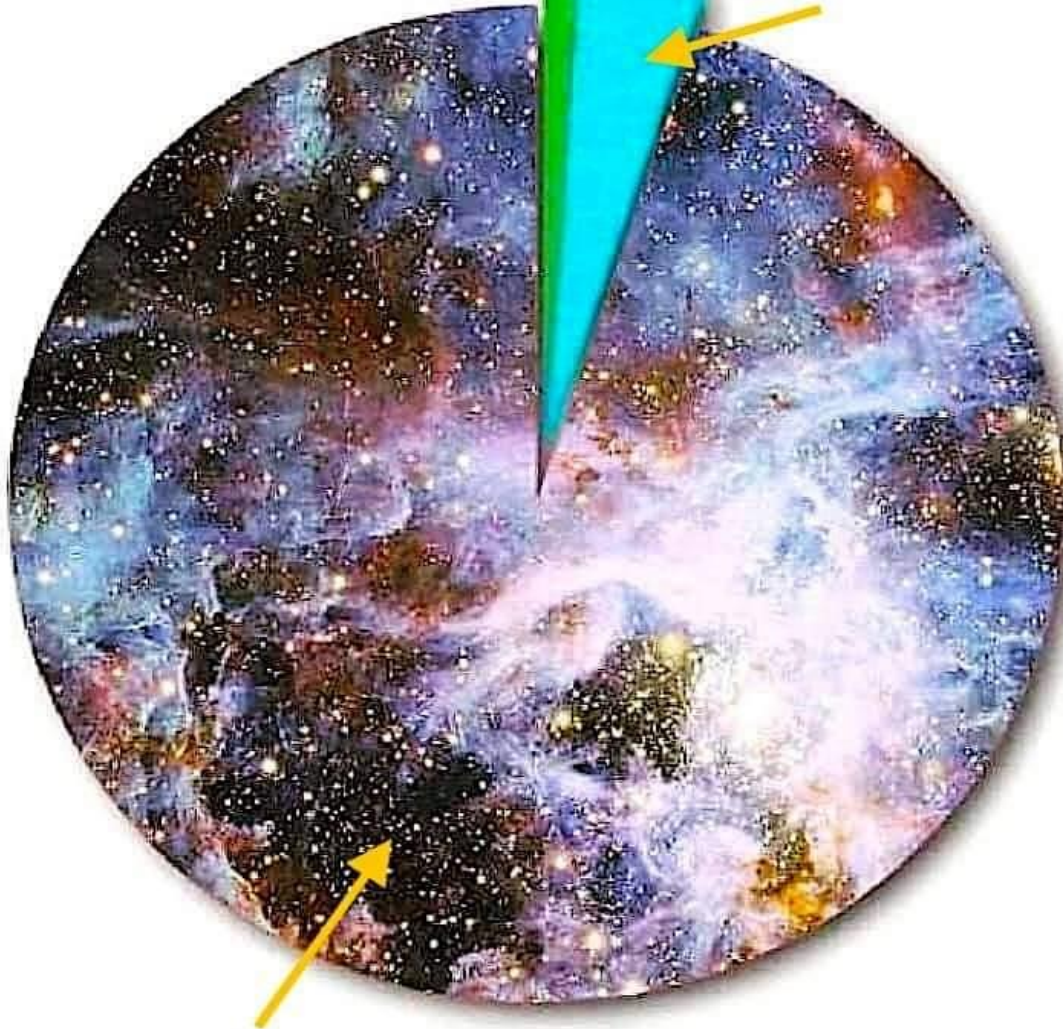

**LIFE ISN'T ABOUT  
FINDING YOURSELF.  
LIFE IS ABOUT  
CREATING  
YOURSELF.**

George Bernard Shaw

**YOUR FUTURE IS CREATED BY WHAT  
YOU DO TODAY, NOT TOMORROW**

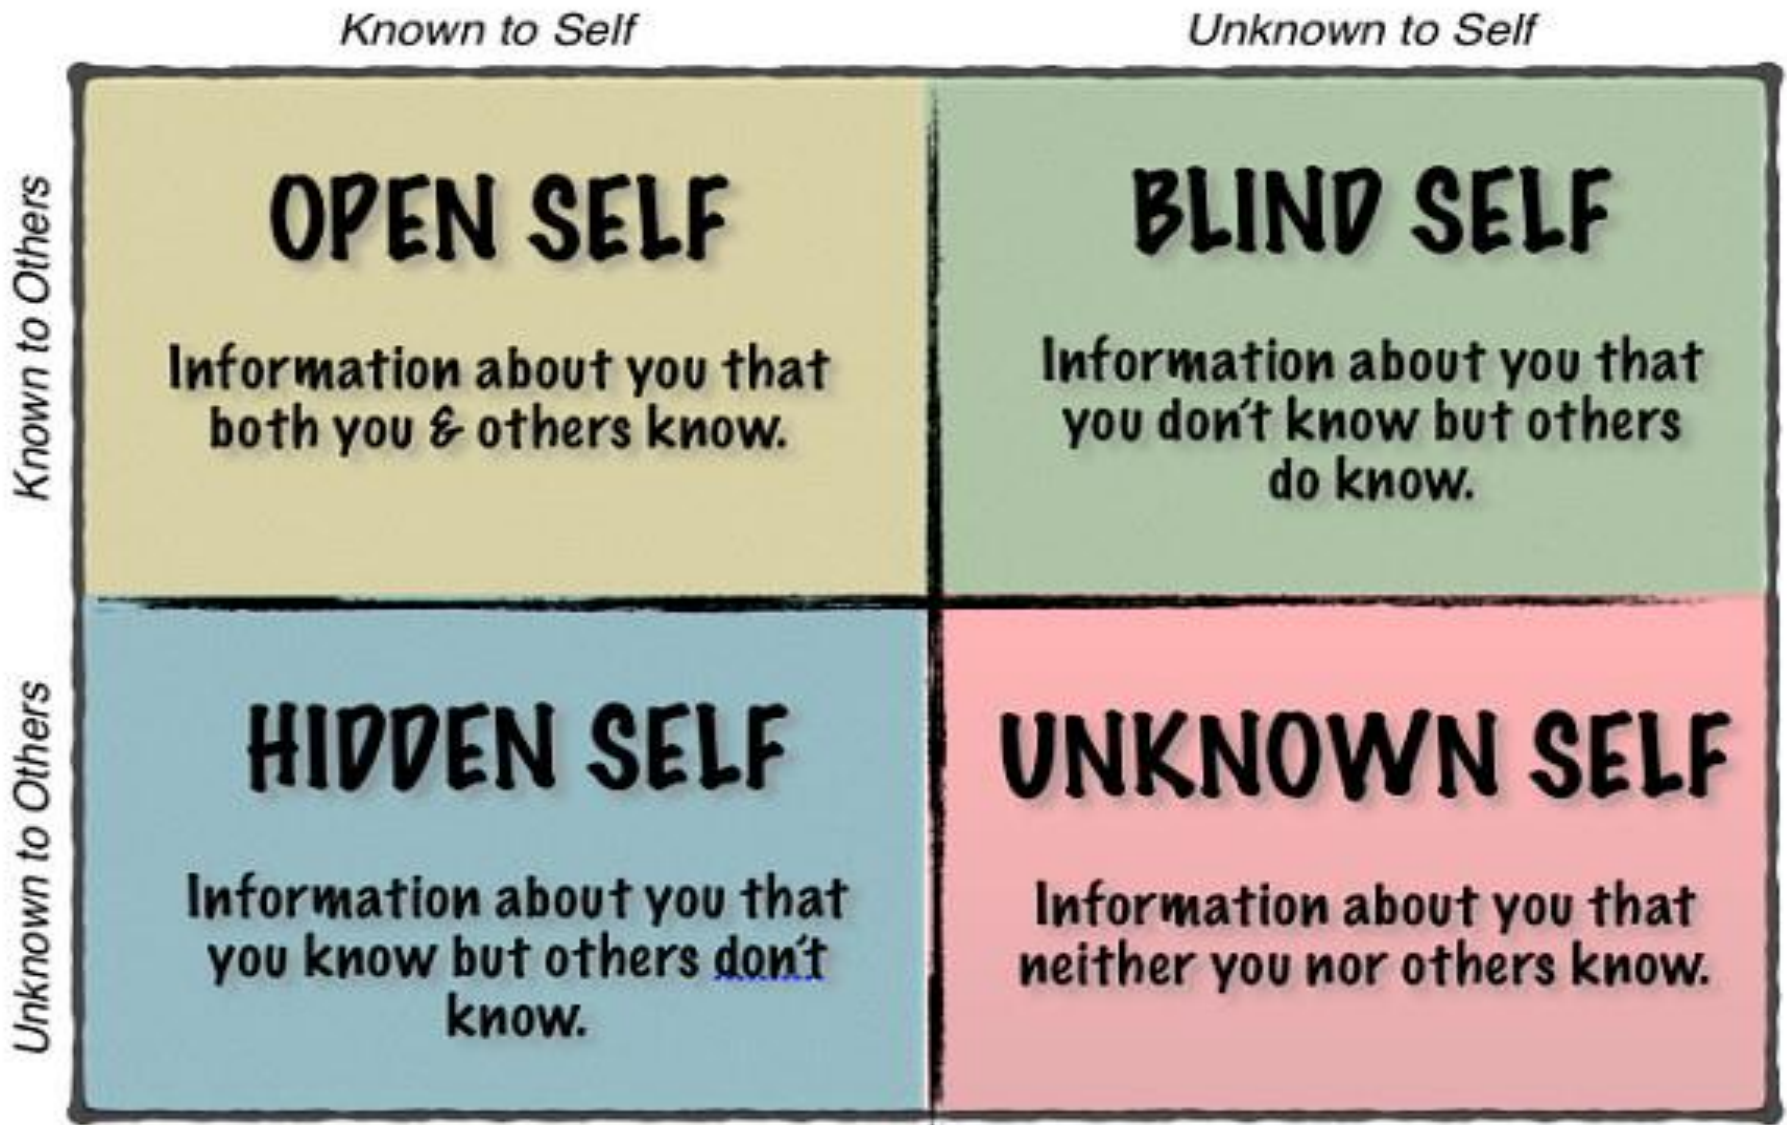

Stuff you know

Stuff you know  
you don't know.

Stuff you don't know  
you don't know.
